**Subject:** Pearl Harbor Day Remembrance

-----  
This Saturday, December 7<sup>th</sup> is Pearl Harbor Day and, more importantly this year, the dedication ceremony of Arizona's new World War II Memorial featuring gun barrels from both the USS Arizona (BB-39) and USS Missouri (BB-63) as primary parts of the edifice.

Perch Base will attend and bring the float. All members who can possibly attend should, as an honor to those few WWII Sub Vets we have left.

The actual ceremony should start about 9:30 a.m. but with sizable crowds expected, members are urged to get there early. Parking is available at many public parking facilities nearby. The map, below, shows where Perch Base and the memorial will be located. Dress warmly, this cold front may linger through the weekend.

See everyone there. Wear your vest and hat.
