Flash Traffic

Number: #9-02-2015 **Date:** 9/3/2015

Subject: Status, George Crider

George Crider has had a setback. He's back in St. Joseph's Hospital because of increase renal failure. No other condition details are available. But he's in Pier 1, Room 428.

Now a note on the hospital. You won't find "St. Joseph" as a name on this facility because it's part of a hospital merging. This is now the "St. Joseph Campus of . . . ," but it's the one on 27th Ave just south of where the Loop 101 crosses the I-17.
