Webmaster – Dan Marks

There has been one major update to the website during the past month. 85 additional newsletters from December 1999 through February 2009 have been added to the newsletter archive section of the website. Other routine updates during the past month included revising the Base Officer page to reflect the results of the election, and updated the webmail server for the officers. I added the Event Photos for the installation of the new officers, added a reminder for the Veterans Hall of Fame nomination deadline, added an invitation to Dick Noreika's presentation to the Desert Palms Presbyterian Men's Group, updated Sailing Orders, uploaded Flash Traffics and meeting minutes, Lost Boat notices, and Half Staff notices. Similar updates have been maintained on the Perch Base Facebook Group. During March, there were approximately 1,574 page views on the Perch Base website during 576 sessions by 381 users based on Google Analytics. These numbers are higher than last month and seem to be typical. Approximately 85% of the sessions originated in the US, and the remaining 15% were widely scattered around the world. Approximately 56% of the sessions were from locations within Arizona. The Homepage accounted for the largest (52%) percentage of the page views this month, exceeding the Glossary (26%), the Eternal Patrol page (5%), and the Profile of a Submarine POW Veteran: Robert W. Lents (2%).

Jim reported the total base membership to 172. The guests have applications, so when they're completed, this would bring the membership to 174.
